

Testimonials

"Linda, is an excellent instructor, rather than reciting what you have already read in the book, she teaches you to think critically about the material she is presenting, so not only do you find yourself learning the material and remembering, but also you are learning test taking skills. I highly recommend Linda and her teaching methods." --Alma H

"I really enjoyed the review and study course I took with you two years ago. You gave us many useful websites, examples, explained the questions and correct answers, clarified our doubts and talked about little tricks and good practices to take the test. It was fun and to the point. I will definitely take the class again. Wish you the very best with your project . . . I am sure it will help any experienced or non-experience Paralegal in the preparation for the Certification exam. --Cordially, Lourdes V.

"Thank you ever so much for taking the time to assist me with the NALA exam. Despite the fact that I did well in all my classes at FIU, I was nervous as I do not test well. Because of this fact and my desire to do well, I decided to take your review classes, in hope that it would help me to narrow down the points I needed to study. The classes were extremely helpful, thank you. As you know I was successful in everything but communication and had to come back to you for help and again you were very patient and understanding. The material you gave me to study was on par. I went in the exam very confident and yes I was successful. THANKS again Linda you are Awesome!" --Carol B

"I strongly recommend Ms. Linda Nottestad as she embarks on her internet review and study course. She is a firm and knowledgeable instructor who is able to impart the most important aspects of her lessons. I enjoyed having her as my CP instructor and looked forward most of all to the Saturday classes which she taught. I would welcome the opportunity to take her review program with her without any reservations. I respect her a great deal and wish the very best for her as she begins this new venture." --Faith G
